

## ALDO& LILIANA SUAREZ

September 2019

No. 1

**Itineration** 

It is crazy! Some told us. Others thought:

"This must be from God! - We replied: "Well, it is both.". The truth is that for six years, the Lord had been talking to us abou the Jewish people. When we learned that 80% of them do not believe in God, our trembled.

with my wife, the urgency of doing something for my people. Leaving the comfort zone was difficult. Pasthe past 12 and a half years a grew from 60 to 550 people, and we were involved in the planting of three daughter churches, along with which the number of Hispanics exceed ed 800 in attendance.

We made the decision to leave the comfort zone and serve where the greatest need is. Jesus said: I have not come, but to look for the lost sheep of the house of Israel. The first task that Jesus entrusted to his disciples was to preach to the lost sheep of Israel, to the atheists.

and then to the Greek, but apparfor the last 2000 years the church departed from the original idea of preaching to the Jews. We do not the necessary preparation, but we said yes to this great task.

## VISITING CHURCHES-SHARING THE VISION

July was the month of our church farewell that we will always keep in our hearts and we began with the tour of the Churches to share the vision of missions and to invite our Churches to do missions with us. This allows us to meet new brothers and sisters. And have fellowship with pastors we have known for many years. All this is new for us and we are enjoying every moment holding the hand of the One who called us.

## Thanks and Prayer requests

iiiThank you!!! and the churches that are already contributing so that we can go as soon as possible to the mission field!

We are already reaching 40% of our budget.

Please help us pray for more hearts to be moved to help missions. Know that each one of you is in our prayers and intercessions in favor of your lives.

We pray for God's provision and
