Pathway to Wholeness - India

Dear PTW Prayer Partners,

Greetings from Pathway to Wholeness-India!!!

We are so happy to share our joy and suffering in the service of God. Ministry in overseas doesn't look like as we see hear in USA. Believe me it's completely different my friends. Pastor Abhay and Pastor Bhimsen traveled 12 hours to reach in a village where God called to serve. On 27th of August our leader Pastor Bhimsen left his 2-year-old daughter at home with high fever to serve his living God and on the way back to home Pastor Abhay found his son in the hospital. They both understand this is the work devil.

On 28th of August we conducted one day seminar with the help of local Pastor Deepak Salke . During the praise and worship people were filled with Holy Spirit and demons were coming out of the people. Many people came forward for prayer and shared their testimony . Both of our leaders shared the word of God from the PTW workbook and provided lunch to everyone and also prayed for the Restoration Christian Ministry and Team.

Our leaders had shared with me about the situation of the village Belapur, Ahmadnagar. Darkness is ruling over the entire village, people are struggling with bad habits such as drinking alcohol and financial struggles. Specially please kindly pray for very old couple Sister Sanjeeta Kapse and her husband so may God grant them their needs (Proverb 22:9) and please pray for the upcoming seminar which is going to be held on September, 10th and for the completion of translation work. We are so thankful to everyone of your for prayer and support .
