Pathways To Wholeness "Day of Restoration, Healing and Freedom".

Blessings my dearest Friends and Family-

It's been a busy, intense, challenging and wonderful month. Victor Marx, his wife and team were just here last week. We experienced heavy warfare before they arrived... well during and after too. But let's face it... there really isn't such thing as neutral ground. The Lord did a lot in the short time they were here. Victor did a workshop at church for Pastors and church leaders on *exercising your God given position and authority in dealing with demonic spirits*. Which is highly needed here. Victor also shared about forgiveness on Sunday service. Eileen was the featured speaker in a women's leadership dinner from church. We continue to hear testimonies of what God did during their visit. For the workshop Victor did, we hired 3 police as security ... all 3 ended up getting saved! One said he felt something leave him (demonic spirit). There's such an open window of opportunity to share the Gospel. The harvest is ready! We are surrounded by such wickedness BUT God is pouring out His Spirit even greater! He is raising up an army for these last days.

We are seeing good fruit out of our teenagers (pictured on first page). I love these girls! They're not letting their past limit them or dictate their identity. You know a little bit about Annabelle... one of the other teens, had been "working" in massage parlors since a very tender age... the stories go on. Everything they've been through and what the enemy tried to use to destroy them... God is turning it all to bring Glory to Him. The girls experiencing the life giving, transforming power of Almighty God! All four teens requested to take LG class (Life Guidelines) at church! They want to get baptized and serve! Annabelle will start serving this coming Sunday as a greeter! How beautiful is that!!! Please pray for our teens for a continued stirring of the Holy Spirit in Jesus name.

Also, we've been going through the Pathways to Wholeness bible study. After the 6th lesson we have "the day of ministry" or officially "Day of Restoration, Healing and Freedom". It was such an awesome time of healing, forgiveness, surrender, restoration, redemption and freedom! The girls are testifying about new levels of freedom and forgiveness.

Cute story... in conversation with the little girls, it came out that a little boy in school was picking on Grace. He was calling her names. We asked her "have you told your teacher?". Casually she says "no because I forgave him already. I wrote his name and forgave him". The reason she answered this way is because on the day of ministry, one of the things we do is ask the Lord to show us anyone we may have unforgiveness towards. We write the name/ names down, pray and make the decision to forgive each person by name that is on our list. What amazes me is that the little girls understood this. So precious!

PRAISE REPORT: We've been partnering up with a Christian Organization doing outreach in one of the slums. The purpose of the outreach is... #1 to share Jesus, next educate and prevent exploitation... we build relationships with the families... know their story, find out the family dynamics... is there a need to help with food/rice etc. We have meetings this week and next with our area village Chiefs and community leaders to get permission to do outreach in the slums by our house. By the grace and favor of God, we will do an outreach two times a month. Our plan is to rent a small building/house or room in the slums (away from our safe house, so we don't compromise the house safety). Please keep us in prayer... we will be stepping into and invading the kingdom of darkness. We need Gods protection, wisdom, grace, favor and direction.

SARAH: The prayer request is for the verdict to come back guilty with the max time of 14 years in prison for the pedophile. Justice in Jesus name! **UPDATE:** *Thank you to all who prayed with us for Sarahs case. They C-O-N-V-I-C-T-E-D the pedophile! They gave him seven years! It's not the fourteen we really wanted, BUT it is a miracle he got convicted! To think... originally when it happened they arrested him and the next day let him go because the guys' sister had "oiled" the department (insert wink). Hallelujah for the conviction!! Cutest thing ever... Holly and I talked to Sarah in private to tell her the pedophile was convicted. She wanted to share the good news with the girls. We called a family meeting and told them Sarah had something to share. As their attention turns to Sarah... she raises her arms up and yells*

" I WON "!!

ANNABELLE: Her mother is trying to regain custody. We're asking the Lord to give us full and permanent custody of Annabelle. **UPDATE:** *Praise the Lord... she is still with us. It's really by the grace of God! We need your continued prayers please! They have made it very clear, they want her back and are trying different angles.*

PRAYER REQUEST:

- Please, we still need prayer for protection, wisdom, favor, emotional... physical and spiritual strength. Also, protection over our heart. That we don't allow anger and bitterness "in" because of wickedness we're surrounded by and the horrific things that take place.
- We need prayer for Noras case. The man is very wicked... he is paying a lot of money to try and get this reopened... under the narrative that Nora attacked him and some other obscure story.
- We also request prayer for a little 8yr old baby girl that has been severely abused. We were ready to receive her into our home but for reasons that we feel are not in her best interest... we did not get her. We feel tremendous love for her and are asking the Lord to release her to us. In Jesus name.

Thank you for praying, for giving and for supporting in one way or other!! May the Lord bless you ever so greatly!

God bless you!

Leti

*He heals the brokenhearted And binds up their wounds. He counts the number of the stars;
He calls them all by name. Great is our Lord, and Mighty in power;*

Psalms 147:3-5
